# GAME OF CONTRASTS (Danish: Kontrast-Spil)

## NOTES AND PERFORMANCE HISTORY

### NOTE ON THE WORK

*It's the contrast that makes for multitude. Sensitive, inventive and creative use of contrasts is important. Things are very much their context.*

*This piece is played from a plan in which you may overview all the sections, but you can only go to a specific section along certain specified routes – similar to the situation in board games. Stockhausens' Klavierstück XI was an inspiration.*  
(2010)
